ABOUT ME

Passionate undergraduate with a strong foundation in AI engineering and full stack development. Experienced in building real world applications using modern technologies, including LLM based systems and scalable backend services. Eager to contribute as an AI Engineer Intern by developing intelligent, production ready solutions.

PROJECTS

Triagen - AI Powered Pull Request Review Platform Aug 2026 - Aug 2026

Next.js, FastAPI, Google ADK, Gemini, Pinecone, PostgreSQL, Redis, Celery, Clerk, Docker, Terraform, GCP

- Built an AI powered code review platform using multi agent workflows to automate pull request analysis, detect security and code quality issues, and deliver contextual feedback directly through GitHub.

Lak Chemicals and Hardware - AI Powered Hardware Store Management System Feb 2026 - April 2026

Next.js, Vercel AI SDK, FastAPI, LangGraph, Gemini, Clerk, PostgreSQL, Stripe

- Built an AI-powered retail management platform for hardware stores, enabling intelligent product recommendations and predictive business insights.

InterviewIQ - AI powered interview coaching platform Dec 2025 - Dec 2025

Next.js, Vercel AI SDK, FastAPI, LangGraph, OpenAI, Gemini, Clerk , PostgreSQL

- Built an AI driven interview coaching platform delivering adaptive mock interviews and personalized feedback.

EDUCATION

BSc. Hons IT Specialized in AI **Sri Lanka Institute of Information Technology** 2024 - Present

3.53 • Malabe

Physical Science with ICT (Advanced Level) **Thopawewa National School** 2021 - 2023

0.91 • Polonnaruwa

SKILLS

Programming Languages & Tools Python, JavaScript, TypeScript, Java, C#, Git, Linux

Frontend Development Next.js, React, React Native, Tailwind CSS

Backend Development FastAPI, Node.js, Express.js, ASP.NET, Spring Boot, REST API, GraphQL

AI / ML & GenAI LangChain, LangGraph, MCP, ADK, AI SDK, PyTorch, Scikit-learn, Pandas, NumPy, Seaborn, Hugging Face

Databases MySQL, PostgreSQL, MongoDB, Redis, Supabase, Pinecone

Cloud & DevOps GCP, AWS, Docker, Github Actions, Terraform

Core Competencies Object-Oriented Programming (OOP), Problem Solving, Team Collaboration

CERTIFICATIONS

AI Enginner Bootcamp March 2026 **Back-end Engineer, Java** Aug 2025
